

Pusod Inc's vision is a world where people and communities are energized by their cultural and ecological wealth; live with reverence for earth and all life; and naturally prosper in diverse, self-sustaining local economies in which all beings thrive.

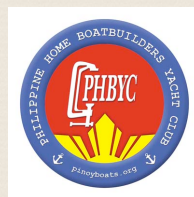

PHBYC is a group of boat building and sailing and boating enthusiasts in the Philippines, and hosts www.pinoyboats.org/forum for lively discussions on anything about boats.

FAMILY BOAT BUILDING WEEKEND SPONSORSHIPS

Freedom from Fossil Fuels
Spend Independence Day helping
two non-profit organizations
rekindle sailing in the East coast
of Taal Lake!!

Easy to rig, will not sink if capsized, and can be carried on top of a car.

Want a boat but can't afford it? Build One! it's easier than you think! This is the adage of the Philippine Home Boat Builder's Association and as an organization for the conservation of Taal Lake, Pusod decided to partner with them to enhance water sports and boat building in the eastern part of the lake to encourage non-motorized boating and the involvement of locals in sailing.

SPONSORSHIP PACKAGES

Sponsorship packages that deliver years of exposure!!!

The East side of the lake will be seeing an unprecedented influx of tourists in the coming years. We are preparing for activities that will be consistent with the development model of a conserved protected area as envisioned in the TVPL Management Plan.
